

GIFT CARD REFUND PROGRAM

We are introducing the Gift Card Refund Program for the 2008-09 school year. You can earn credit toward your tuition bill, lunch bill and/or school fees by purchasing gift cards through the school.

Here is how the gift card program works:

The school purchases gift cards to various local and national stores at a discounted percentage rate through the coupon company. The discounted percentage varies from store to store and is set by the coupon company. You purchase the gift card at face value from the school. There is no up charge or handling fee assessed. *Gift cards can be used for your everyday purchases or be given as gifts.*

Here is how the Refund Program will work:

Participating families will be credited 50% of the rebate amount given by the coupon company. The program will begin on July 1, 2008. Refund credits will be given around December 15, 2008 and June 15, 2009. The second refund credit for 8th grade parents with no other children at HCS will be given around May 1, 2009. Credits will given in the following order: 1) tuition bill, 2) lunch bill, 3) school fees, then 4) gift card or cash refund. You will be notified in writing of your refund amount and to which bill/fee it was applied to.

You must indicate on your order form or when you purchase gift cards that you would like to participate in the Refund Program. This will get you registered for the Program. Once registered, you will remain a participant until you indicate otherwise. If you choose not to participate in the program, 100% of the profit will be given to the school. All of the school's profit will be used to upgrade the technology program for students and faculty.

Example: Purchases from July 1st through December 14th.
